School Development 2023-2024

We are so proud of everything we achieved last academic year in our opening year. As we move into our second year of opening, our main school development priorities will focus on four main areas:

- Ambitious curriculum
- Inclusion
- Pupil wellbeing
- Staff development

Every new year group is a change and to help you understand a little more about your child's new year group, we sent out a welcome document last week, which is also now on your child's year group page of our website (under Useful Information). On the year group pages of the school website, you will find more information about the learning that will take place in the Autumn term including the new Bookshelf texts.
